Project Tango Volunteer Guidelines

Hey Project Tango volunteers! Thanks so much for helping out here at the Project Tango regular Wednesday tango dance at Cellspace.

The golden rule is to volunteer 30-45 minutes.

If you were scheduled for **setup**:

-if you take the class: Please get in around 7:15 to help with the initial setup (chairs, food, etc). This should take about 20 minutes. Then work 1 tanda at the door.

-if you sit at the door through the class: you are done.

if you were scheduled for **take-down**:

-Please get in by 10pm, then work 1-2 tandas then help take down. That should last 10-15 minutes.

if you are scheduled this month but this is not your night:

-go dance! but if we are low on volunteers, it'd be great if you could sit at the door.

if you are **NOT scheduled this month** (not in the web site):

-work 2-3 tandas to get in the 30 minutes

How do you handle having a number of **unscheduled volunteers** that want to work at the door?

-let them do it! Switch things up so everyone has an even amount of tandas, with the setup and take-down folks getting lower amounts since they do an extra 1-2 tandas of work during the night.

Who is allowed to get in for free?

Cellspace volunteers, and guests. The people on the photo list are all allowed to get in for free. If someone is NOT on that list, they must be a tango teacher. **People not on the picture list must sign in.**
